EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

page 10, line 15: "34, 36" has been changed to --33, 35--.

claim 3, line 5: "siedwall" has been changed to --sidewall--.

2. The following changes to the drawings have been approved by the examiner: In FIG 3, please change the lower appearing items (the "constricted spaces") from 34, 36 to 33, 35. This change is necessary because 34 and 36 were previously used to designate small guide tubes. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest the method as claimed. The claimed method requires installing a fiber optic cable within a protective duct space and extending the cable along a high voltage cable for taking temperature

measurements. This method step in combination with the further claimed method steps is neither shown nor suggested by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to G. Bradley Bennett whose telephone number is 571.272.2237. The examiner can normally be reached on M-TH 8:30-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Diego F.F. Gutierrez can be reached on 571.272.2245. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
